

I want to know
I want to know you
I want you to know
that you're known
I am asking
I'll listen you
I am saying
you're not on your own

Our minds do not offer
A picture that we are fine
Memory can't remind us
The universe is mine
Regardless of the past
Reality is benign
What happened in the past
Is not happening right now
Those things left behind us
We can't alter anyhow
The present moment offers
A future we create
Feelings that are fleeting
Are already out of date

I want to know
I want to know you
I want you to know
that you are known
I am saying
I'll listen to you
I am saying
you're not on your own
